Learning Outcomes

On successful completion of this module, a student will be able to:

1. Oral Production
2. With attention to pronunciation and intonation, the learner is expected to be able to:
3. give clear descriptions and presentations on a wide range of subjects, expanding and supporting ideas with subsidiary points and relevant examples;
4. develop a basic argument, expanding and supporting his / her points of view at some length with subsidiary points and relevant examples;
5. use a register of language and non-verbal behaviour appropriate to everyday conversations with native speakers.
6. Written Production
7. The learner is expected to be able to:
8. express and exchange news and views effectively in writing and relate to those of others;
9. write short articles conveying simple information and getting across comprehensively the points he / she feels are important;
10. use the appropriate register to address him/herself to friends, service people, etc.
11. Aural Reception (Listening)
12. The learner is expected to be able to:
13. follow extended speech and complex lines of argument provided the topic is reasonably familiar and the direction of the talk is signposted by explicit markers;
14. understand announcements and messages on concrete topics spoken in standard dialect at normal speed.
15. Visual Reception (Reading)
16. The learner is expected to be able to:
17. have developed an active reading vocabulary appropriate to the level but may still experience difficulty with low frequency idioms;
18. be able to understand lengthy complex instructions including details on conditions and warnings.
19. have developed a comprehensive system of identification, storage and retrieval of lexical items appropriate to this level.
20. Audio-visual Reception
21. The learner is expected to be able to:
22. understand the general topic of media broadcasts and short films with the support of contextual information and / or visual clues.

Learning and Teaching Methods

- Interactive seminars will be the main teaching approach. A variety of media will be used in the teaching process (traditional print materials, audio and video material, CALL programmes and online language learning resources). The course will be characterised by a high level of student participation in both classroom activities and self-directed learning activities outside the classroom.
