

Computer Applications

Science

May, 2026

Short Title: Computer Applications
Faculty Science and Computing
Department Science
Cluster IT
Author ADUNPHY
Credits 5

Level: Introductory

Description of Module / Aims

This key vocational skills module will enable the learner to use a personal computer, and be effective and efficient in the use of standard office computer-based tools. The student will be able to create documents, spreadsheets and presentations for an agricultural application.

Programmes

COMP-0003 BSc in Agriculture (WD_SAGUL_D)

1 / 1 / M

Indicative Content

- Windows environment: Introduction to MS Office and file management
- Computer theory: history, hardware, software
- Word processing: document presentation, wizards & templates, creating columns, proofreading and printing, headers & footers, tables, mail merge & labels
- Spreadsheets: introduction, uses & applications, editing & formatting & validating worksheets, formulas & functions, graphs, lookup tables, printing and linking spreadsheets
- Databases: introduction to database features of Microsoft Excel, e.g. sorting, filtering and validating data
- Introduction to the Internet: World Wide Web, browsers and electronic mail
- Introduction to presentations: creating a slide show, slide design, objects, clipart, animations & transition, presentation techniques, importing digital images

Learning Outcomes

On successful completion of this module, a student will be able to:

1. Use Microsoft Windows to manage and manipulate files, folders and print documents.
2. Construct attractive functional documents using a word processor.
3. Complete effective spreadsheets to analyse, calculate, evaluate and present data for the agricultural environment.
4. Plan and show how Microsoft PowerPoint can deliver an effective presentation on an agricultural topic.
5. Explain the function of basic PC components.

Learning and Teaching Methods

- Practical demonstrations.
- Exercises.
- Practice.

Assessment Methods

	Weighing	Outcomes Assessed
Continuous Assessment	100%	
<i>Assignment</i>	20%	1,2
<i>Presentation</i>	20%	4
<i>In-Class Assessment</i>	60%	5,3

Assessment Criteria

<40%: Lacking in technical ability/skill and understanding to carry out practical tasks.

40%-49%: Show some technical ability/skill in carrying out and practical tasks.

50%-59%: Logically and competently carry out practical tasks.

60%-69%: Demonstrate sound knowledge of the subject matter.

70%-100%: Demonstrate imaginative approach, excellent technical ability, awareness and aptitude in carrying out and reporting on practical tasks.

Learning Modes

Learning Mode	F/T Hours	P/T Hours
Practical	36	
Independent Learning	99
