- Farm business planning
- Farmer succession and inheritance plans

Learning Outcomes

On successful completion of this module, a student will be able to:

1. Interpret final accounts for a farm business.
2. Use financial ratios to monitor and control the financial strengths of the farm business.
3. Complete a farm business plan.
4. Complete a farm succession plan.

Learning and Teaching Methods

- Lectures.
- Practical instruction.

Assessment Methods

	Weighing	Outcomes Assessed
Final Written Examination	50%	1, 2,
Continuous Assessment	50%	
<i>Assignment</i>	30%	3
<i>Assignment</i>	20%	4

Assessment Criteria

<40%: Inadequate understanding of the fundamentals of farm business and insufficient competence in their use.

40%-49%: Ability to show a basic knowledge. Basic level of knowledge of chosen topic.

50%-59%: As well as the above, the student will be able to demonstrate an understanding of some of the complexities of farm business management competency in their use.

60%-69%: In addition to the above, the student will demonstrate a more detailed knowledge of farm business and a high level of competence in the area use. Display a high level of knowledge of chosen research topic, supplemented by an ability to present this knowledge to a high technical standard.

70%-100%: All of the above to an excellent level. The above advanced knowledge of the topic will be supported by superior skills.

Note:

- In addition to the normal regulations, a minimum of 35% must be achieved in both the final exam and continuous assessment components of the module. In cases where continuous assessment has a practical component attendance of at least 75% in the practicals is mandatory.
