Financial Management Systems (A10025)

Short Title: Financial Management Systems
Faculty Science and Computing
Department Science
Cluster Business
Author LWALSH
Credits 5

Level: Intermediate

Description of Module / Aims

To provide students with knowledge and practical skills to use financial information to manage working capital, evaluate an investment opportunity in financial terms, source finance and comply with obligations relating to Value Added Tax (VAT) in a small/medium enterprise (SME).

Programmes

MGTS-0006 BSc in Agriculture (WD_SAGUL_D)

3 / 6 / M

Indicative Content

- Introduction to finance: the finance function, role of financial management, insurable and uninsurable risks
- Working capital: management of the elements of working capital (inventory, receivables, payables, cash)
- Investment appraisal: discounting, Net Present Value (NPV), payback
- Financing: factors affecting the availability of finance, main sources of finance available to an SME, gearing
- VAT: how the VAT system operates, registration, records, returns

Learning Outcomes

On successful completion of this module, a student will be able to:

1. Manage the elements of working capital in an SME.
2. Determine an appropriate investment opportunity in financial terms.
3. Determine the factors affecting sources of finance and describe appropriate finance options in an SME.
4. Complete the basic requirements of the VAT system.

Learning and Teaching Methods

- Lectures.
- Class and group discussions.
- Pre-lecture preparation of readings and exercises for in-class discussion.
- Self-study of assigned readings, exercises and texts.

Assessment Methods

	Weighing	Outcomes Assessed
Final Written Examination	100%	1,2,3,4

Assessment Criteria

- <40%:** Very little knowledge and understanding of the subject matter. Unable to carry out critical thinking or practical skills.
- 40%-49%:** Demonstrate a limited knowledge of the subject matter. May have some problems with critical thinking and problem solving. Adequate practical skills
- 50%-59%:** Demonstrate satisfactory general knowledge of the main issues within the subject. Good practical skills.
- 60%-69%:** Demonstrate skilled and sound knowledge of the subject matter. Show ability to analyse and logically discuss in an effective way. Good critical thinking and a high level of competence and efficiency in theoretical and practical areas of this subject.
- 70%-100%:** All of the above to an excellent level. Demonstrate authoritative handling of complex material and a highly developed and extensive understanding of the subject.
