Financial Analysis for Your Business (A33881)

Short Title: Financial Analysis for Bus.
Faculty Science and Computing
Department Science
Cluster Business
Author MWAGENAAR
Credits 5

Level: Intermediate

Description of Module / Aims

This module aims to provide students with a basic knowledge of accounting in the context of establishing the viability of a business (preparing financial statements) and using financial information for planning and control (through financial ratio analysis). Ethical considerations for these areas will also be introduced.

Programmes

FINA-0112	BSc in Horticulture (WD_SHORT_D)	3 / 5 / M
FINA-0112	BSc in Horticulture (WD_SHORT_DX)	3 / 5 / M

Indicative Content

- Statement of Financial Position (Balance Sheet)
- Income Statement (Profit or Loss)
- Analysis of Statement of Cash Flows
- Adjustments to the accounts: Accruals and prepayments, bad debts, fixed assets and depreciation
- Financial ratio analysis (profitability, efficiency, and liquidity)
- Ethical considerations in context: Financial, products, customers and suppliers, staff, and environmental considerations

Learning Outcomes

On successful completion of this module, a student will be able to:

1. Prepare final accounts for a business from a trial balance.
2. Interpret a set of financial statements (final accounts) using financial ratio analysis.
3. Discuss ethical considerations linked to financial reporting, planning, and control.

Learning and Teaching Methods

- Lectures
- Class and group discussions.
- Self study of assigned readings, exercises, and texts.
- Pre-class preparation of readings and exercises for class discussion.

Assessment Methods

	Weighing	Outcomes Assessed
Continuous Assessment	100%	
<i>In-Class Assessment</i>	50%	1,3
<i>Project</i>	50%	2,3

Assessment Criteria

- <40%:** Very little knowledge and understanding of the subject matter. Unable to carry out critical thinking or practical skills.
- 40%-49%:** Demonstrates a limited knowledge of the subject matter. May have some problems with critical thinking and problem solving. Adequate practical accounting skills.
- 50%-59%:** Demonstrates satisfactory general knowledge of the main issues within the subject. Good practical accounting skills.
- 60%-69%:** Demonstrates skilled and sound knowledge of the subject matter. Shows ability to analyse and logically organise accounts in an effective way. Good critical thinking and a high level of competence and efficiency in theoretical and practical areas of this subject.
- 70%-100%:** All of the above to an excellent level. Demonstrates authoritative handling of complex material and a highly developed and extensive understanding of the subject.
